

2014 International Applied Reliability Symposium (ARS)

June 3-5, 2014

at the [Indianapolis Marriott Downtown](#) in Indianapolis, Indiana USA

Symposium's Theme: *"Sharing applications, success stories and lessons learned in reliability and maintainability engineering."*

Dear Fellow Reliability Practitioners,

“Ladies and gentlemen, Start Your Engines!” as the 2014 International Applied Reliability Symposium races to another North American city hosting for the first time as we finalize preparations for another successful event in **Indianapolis, Indiana**. This is a final reminder for those still considering plans to attend this year’s event **June 3-5, 2014** in Indianapolis, IN. **For more information about the 2014 event please check [here](#).**

The **International Applied Reliability Symposium – North America** continues to forge a tradition that blends professional growth and the opportunity to develop connections with other reliability practitioners that support the application of reliability principles to meet real world challenges. This success relies upon the reliability practitioners that participate and especially those that volunteer to share their applications, success stories, and lessons learned in reliability and maintainability engineering.

The organizers, [ReliaSoft Corporation](#) and the [Alion System Reliability Center](#), would like to thank everyone that has already made plans for this year in Indianapolis, IN and urge those that may have participated in previous successes in Minneapolis, MN; New Orleans, LA; Orlando, FL; Reno, NV; and/or San Diego, CA to finalize this year’s plans now. If you are still undecided about attending the **2014 event in Indianapolis, IN**, please take a peek at this year's program to see what you would be missing. You will be certain to walk away with many new ideas, and maybe even a few new friends.

Program Matrix of Event Topics:

The following important dates are fast approaching as the 2014 event is **less than 3 weeks away**.

- May 23, 2014 – Last day to reserve discounted rooms at the **Indianapolis Marriot Downtown** in Indianapolis, IN has been extended by 2 weeks as discount was originally set to expire on May 9, 2014. Please refer to "ReliaSoft Corporation" and/or the "Applied Reliability Symposium" when making your reservations. If booking through the ARS website, the code associated with the special ARS rate will automatically be applied. Click [here](#) for more information or to make a reservation.
- June 3-5, 2014 – Attend International Applied Reliability Symposium.

In addition to the multitude of practical and educational presentations for our attendees, we have also scheduled a reception for Tuesday evening (June 3rd from 5:00pm – 6:00pm). Then on Thursday night (June 5th from 6:00pm – 9:00pm) we will host our awards dinner, [keynote address](#), and closing ceremony.

We look forward to seeing all of the reliability practitioners we now call friends from connections at the past 9 Symposiums and the opportunity to make new connections at the 2014 event hosted for the first-time this year at home of the Indy 500 and Brickyard 400 (Indianapolis, IN).
